**OPERATING AS USUAL**

We know where to find the best slice, the best donut shop, the perfect apartment on the best block in the right neighborhood. We grew up with an appreciation for quality, originality, and local pride, and we've based our company on those values. We use the highest quality Arabica beans for each of our blends and roast them right here in New York. Brooklyn itself is always diverse and never boring, so we offer a variety of flavors to suit every palette. Our goal is to provide a great cup of coffee that reminds you of the sights and sounds of Brooklyn. Whether you prefer a smooth, mild blend that makes you feel at home, or a rich, dark roast that takes you back to a wild night you spent in the city, Brooklyn Bean Roastery has the perfect blend for you.
