**OPERATING AS USUAL**

Tangle Creek Golf & Country Club opened for golf in Barrie in 2002. Since then Tangle Creek Golf & Country Club has quickly gained recognition as one of the Premier Golf Facilities not just in Barrie, but the entire Greater Toronto Area. We were Nominated "Best New Golf Course" in Canada 2003 by Golf Digest and have been rated one of Canada's Top 100 Golf Course by the Globe and Mail. The course was built on over 200 acres of rolling terrain, this all bent grass layout was designed by renowned course architect Rene Muylaert and was his last 18 hole course design. The course will satisfy every golfer's appetite. With four sets of tees, the course measures from 5,500 yards for beginners to 7,200 yards for the more serious player. The vision was to create Tangle Creek using the best characteristics of the classic and links style courses. The course features windswept fairways defined by strategic bunkering, mounding, grassy hollows and fescue. The course then transitions into a more traditional North American style with heavily forested holes, ponds, environmentally protected areas with immaculate course conditions. Built in 2006 our 22,000 square foot clubhouse is the perfect setting for golf tournament, weddings, banquets and meetings. This beautiful setting will seat comfortably groups ranging in size from 16 to 300 people. Tangle Creek's award winning Executive Chef and the hospitality staff looks forward to exceeding expectations of our customers. Tangle Creek Golf Academy will teach you how to learn or improve your complete golf game. Our instructors guide you towards the best swing for you and help you refine your overall skills. Tangle Creek is proud to offer a variety of different Golf Memberships to fit everyone's busy lifestyle. At Tangle Creek our Banquet and wedding facilities are second to none and our special event team will help plan your tournament or business conference.
