The Extraordinary Architecture of our property has made us a landmark and welcomed the most distinguished families and corporations for over 30 years. Our chefs are specialized in Italian and French Cuisine. Each dish is prepared with particular attention to presentation but to truly appreciate the flavors of our cuisine we invite you to schedule a taster. Every Season we introduce new menu choices to assure that your event will be the one that sets the new trends! We welcome your suggestions and will work with you to make your next event a success. We offer you the largest variety of cocktail and sweet tables available: International cocktail stations, Theme cocktails, Gourmet cocktails, Antipasto bar, Venitian table, Dessert station. Even the simplest midnight table is beautifully decorated. The magnificent Italian coffee maker is the show piece of our Coffee bar where our guests meet for an espresso, cappuccino or "corretto". A selection of seat covers, centerpieces and chargers are available. We can also coordinate your theme with table settings, room set-up, menu décor and Sweet Table. A certified Sommelier is available to help you choose the perfect wines for your menu as well as the ideal bar selections. Our establishment provides free parking for all guests.
