🟢 OPERATING AS USUAL

I love my kitchen and time spent in it with family and friends.. Great conversations, great food, lots of laughter is all found in our kitchen. I enjoy cooking and experimenting with foods and spices! Because i love all the above, i decided to become part of another family of experimenting LOL... I am and always have been a major fan of Epicure Spices, so since i am always buying the spices I decided to make it part of my home and add some additional income to the family. The spices are fabulous and well known, The add the right touch to all foods. The recipes are amazing and easy to prepare. I will start my new journey with all of you and feel free to try all my recipes and let me know what you think. If you have any questions, you know where to contact me! If you would like to join my Epicure Team and create and enjoy cooking in the kitchen too, then please feel free to contact me ASAP. Please take a look at my Website and let me know if i can help you in anyway! [www.melissastlouis.myepicure.com](http://www.melissastlouis.myepicure.com) Happy Baking and Cooking :)
